Surat, Gujarat-394210

+91 8153087635  [ayushivadadoriya159@gmail.com](mailto:ayushivadadoriya159@gmail.com)

## Education

---

### UKA TARSADIA UNIVERSITY

Bachelor of Technology (B.Tech) in Information Technology  
(CGPA : 8.54)

Surat, Gujarat

2021-2025

### LEO SCHOOL OF SCIENCE AND COMMERCE

12 th Science  
(percentage : 84.30%)

Surat, Gujarat

2020-2021

## Technical skills

---

**Language(Basic):** Python, JavaScript, C++, Java ,Kotlin(Basic)

**Technologies/Frameworks/Libraries:** React.JS, Node.JS(basic), HTML/CSS, Firebase

**Mobile Application :**Android(Java)(basic)

## Experience

---

### SSIP- Student Start-up Innovation Policy and Gujarat Knowledge Society(Hackathon)

- In 2023, I engaged in a hackathon and crafted a functional solution for a government application tasked with monitoring and managing complaints, leveraging Flutter and Firebase platforms.

## Projects

---

### Car bidder | MERN stack

- Car bidder website is a very useful auction website which has been created using MERN stack to build interactive user interfaces using React.JS to mention any features I had implemented, such as Product management, Add car and Contact etc.
- To build Restful API using Node.JS and Express.JS. The backend architecture I had designed for the car auction website, including routes for handling user authentication etc.
- Used MongoDB for data modeling and store user data.

## Achievement and Certificate

---

- Participated in 8<sup>th</sup> fest as a coordinator.
- University **37 rank** in GeeksForGeeks practice.
- Participated in state level Hackathon arranged by **SSIP-Gujarat(2023)**.
